CONGRATULATIONS!!

Thank you for choosing the **Reist Area Seeder**. We feel confident that this equipment will meet your expectations in workmanship, reliability and performance.

This manual is to assist you with the safe operation of the Area Seeder.

The Reist Area Seeder

Is a versatile piece of equipment to assist you in various primary and over seeding needs.

MODEL NO. _____ **SERIAL NO.** _____.

CAUTION !

1. For proper safe operation we recommend that the tractor be equipped with an approved Roll-Over Protective Structure and Safety Belt.
2. Do not operate an engine in a confined or non-ventilated area.
3. Do not perform any adjustments or repairs with engine running.
4. Always lower 3 PT hitch to ground before performing adjustments or repairs.
5. Do not operate on excessive incline and always be careful when turning on slopes.
6. Never carry passengers on implement or tractor.
7. Never let a child operate machinery.
8. Hydraulic fluid under pressure can cause serious injury. Do Not use your hands to locate leaks.
9. It is the owner's responsibility to make sure that all operators read this manual before operating the equipment.

Calibrating Seed Flow

To calibrate the seed flow rate, you need a weigh scale and small container.

1. Pour seed into seed box. (Each kind of seed needs to be calibrated separately).
2. Insert calibration tray in bottom of seeder on mounts.
3. Set dial to preferred approximate seed rate .
4. With seed flow open, drive the distance of 166 feet. (drive at the same speed as what you are going to drive when seeding).
5. Weigh seed in the calibration tray and multiply by 2. This equals pounds per thousand feet.

Example: 4lb x 2 = 8lb per thousand square ft.

Standard Roller Assembly

Standard

Great for primary and over seeding

For primary seeding, the spike roll breaks up clumps and packs the ground. The seed is then dropped by the seeder and the brush lightly covers the seed. The smooth roll presses the soil to keep the moisture in the ground.

For over seeding the spiked roll pokes small holes into the ground. to moisture, The seed that falls onto the grass is brushed into the holes created by the spike roller. The smooth roll presses down to cover the seed and keep the moisture in.

Double Spike Rolls (Optional)

Double the Number of Holes

Over seeding with two spiked rolls has twice the number of holes than the standard roller assembly. Both rolls poke small holes into the ground. Seed that falls onto the grass is brushed into the small holes created by the spike rolls.

Storage

1. Store in dry ventilated area.
2. Set on either concrete pad, some wood blocks, or plywood.
3. Store with hydraulic cylinder piston rod in retracted position.
4. Clean before putting into storage.
5. Touch-up paint as needed.
6. Oil seeder chain

WARRANTY

All new Reist machinery is warranted to be free from defects in material or workmanship, which may cause failure under normal usage and service when used for the purpose, intended, for a period of 12 months. This warranty applies only to a new Reist product, there being no warranty of any nature in respect to new products that have been modified or altered, repaired, neglected, or used in any way, which, in the opinion of Reist adversely affects its performance.

In the event of failure of a part or parts, and upon inspection, Reist is satisfied that failure is due to defective material or workmanship within 12 calendar months, from the date of delivery to an end user, such defective part or parts will be repaired or replaced by Reist at his business location. It is the responsibility of the buyer, at his expense, to transport the machine or equipment to the manufacturer service shop or, to an authorized service depot or, alternatively, to reimburse Reist for any travel or transportation expense involved in fulfilling this warranty.

When requested by Reist, part or parts shall be returned for inspection, transportation prepaid, to a place designated by Reist. **IN NO EVENT SHALL THE BUYER BE ENTITLED TO RECOVER FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSS OF PRODUCT, INCONVENIENCE, RENTAL OR REPLACEMENT EQUIPMENT, LOSS OF PROFIT, OR OTHER COMMERCIAL LOSS.**

This warranty becomes void and null if the equipment is modified, breaks down as the result of an accident, is not operated according to manufacturers recommendations, damaged by negligence or if maintenance has not been carried out as specified.

THIS WARRANTY IS NOT TRANSFERABLE
